## 10-years of developing SACIDS

**Towards a Sustainable Structure for  
Supporting Disease Surveillance and Risk  
Management of Epidemics in Africa**

**Gerald Misinzo, Mecky Matee, Esron Karimuribo, Leonard Mboera,  
Aaron Mweene, Janusz Paweska and Mark Rweyemamu**

# Pre-SACIDS Global Events

1990's

## Game-Changer Epidemics in the 2000's

FMD  
2000  
UK

Avian  
Influenza  
2003/2004

SARS  
2003/2004

RVF  
2007/2008  
East Africa

## Game-Changer Strategic Analyses in the 2000's

Royal Society  
Inquiry into  
Infectious Diseases  
2002

Foresight Report  
2006

Bellagio Call for  
Action Against IDs  
2007

Rockefeller and  
Nuclear Threat  
Initiative  
CHORDS leading to  
CORDS

# SACIDS set up in January 2008

## Consensus on Infectious Diseases and One Medicine/One Health collaboration

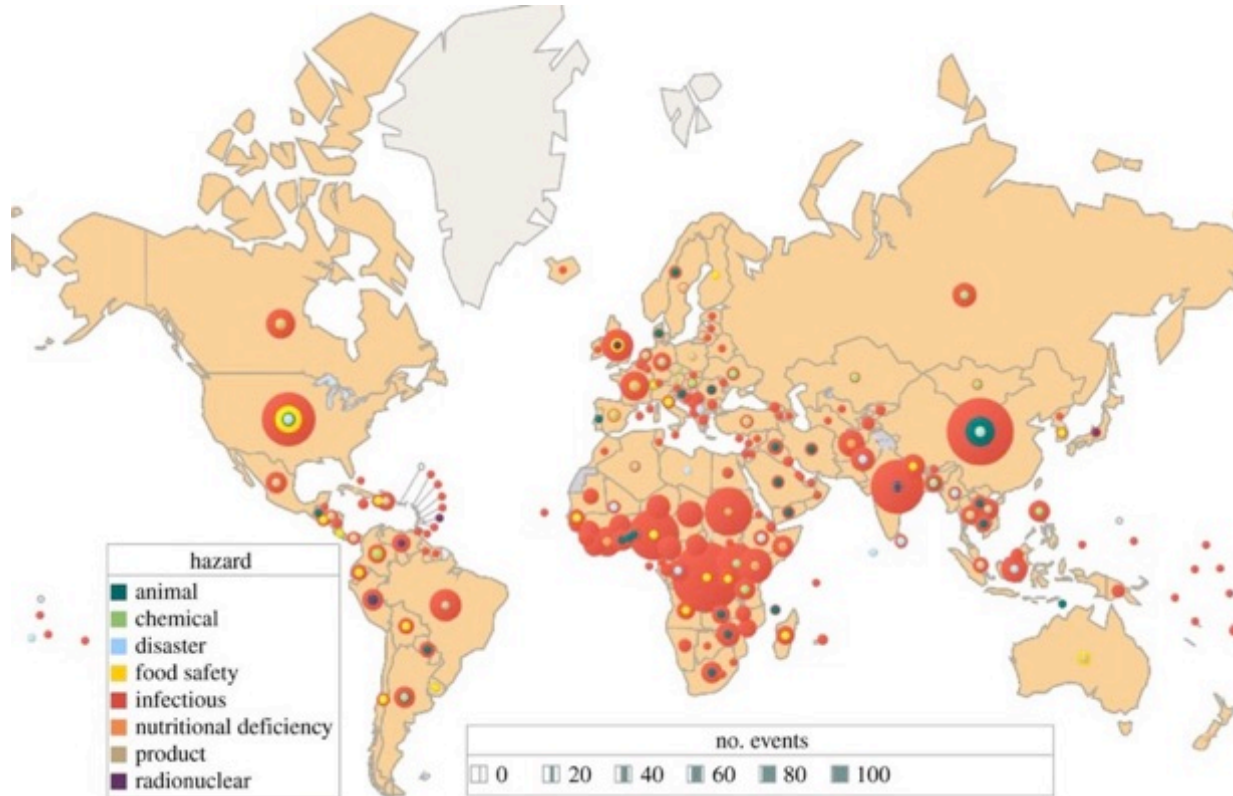

**Southern African  
Centre for Infectious Disease Surveillance  
- SACIDS -**

Report of the inaugural workshop held at the  
HQ of the Agricultural Research Council of  
South Africa, Pretoria  
22nd to 25th January, 2008.

Edited by  
**Mark Rweyemamu and Tony Musoke**  
Co-Chair of the Workshop

Working towards *One Africa, One Health*

# SACIDS focus is Africa

Christopher Dye, After 2015: infectious diseases in a new era of health and development, Phil. Trans. R. Soc. B 2014; 369:20130426

# SACIDS focus is Africa

## Founding Institutions

# SACIDS Smart Partnership

Discovery  
Research  
of Smart  
Partners

**SACIDS**

National  
Research  
Institutions

Human/  
Animal  
Health Policy  
and  
Operations/  
Interventions

# SACIDS Vision

**An African society  
protected from  
devastating  
infectious diseases  
affecting the health  
of humans, animals  
and ecosystems**

# Enabling Early Support 2008 - 2010

2008

google.org

2012

**Set up the SACIDS Secretariat at SUA**

2008

THE  
ROCKEFELLER  
FOUNDATION

2012

**Enable SACIDS embark on project work in cross-cutting One Health issues**

2010

**Enable SACIDS embark on capacity for biosciences**

# Towards sustainable systems and structures

THE  
ROCKEFELLER  
FOUNDATION

## SACIDS Business Plan 2020

- Regional One Health Forum
- Regional One Health Research Platform
- Progressive shift from a regional programme to a Regional Centre

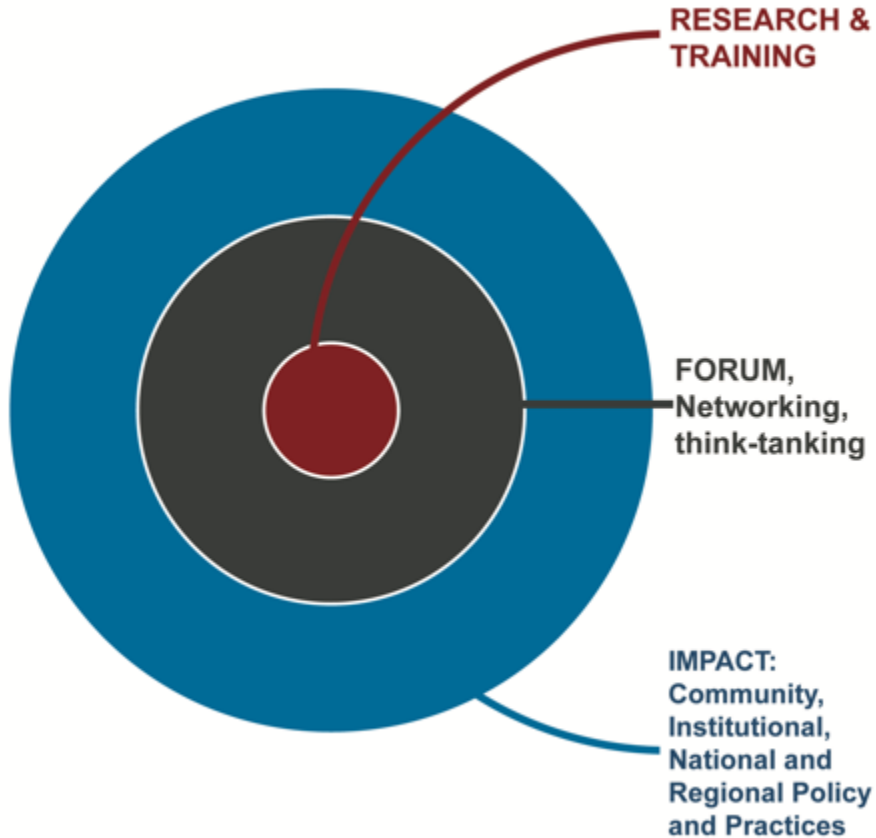

Africa Centres of Excellence at SUA and UNZA

THE WORLD BANK

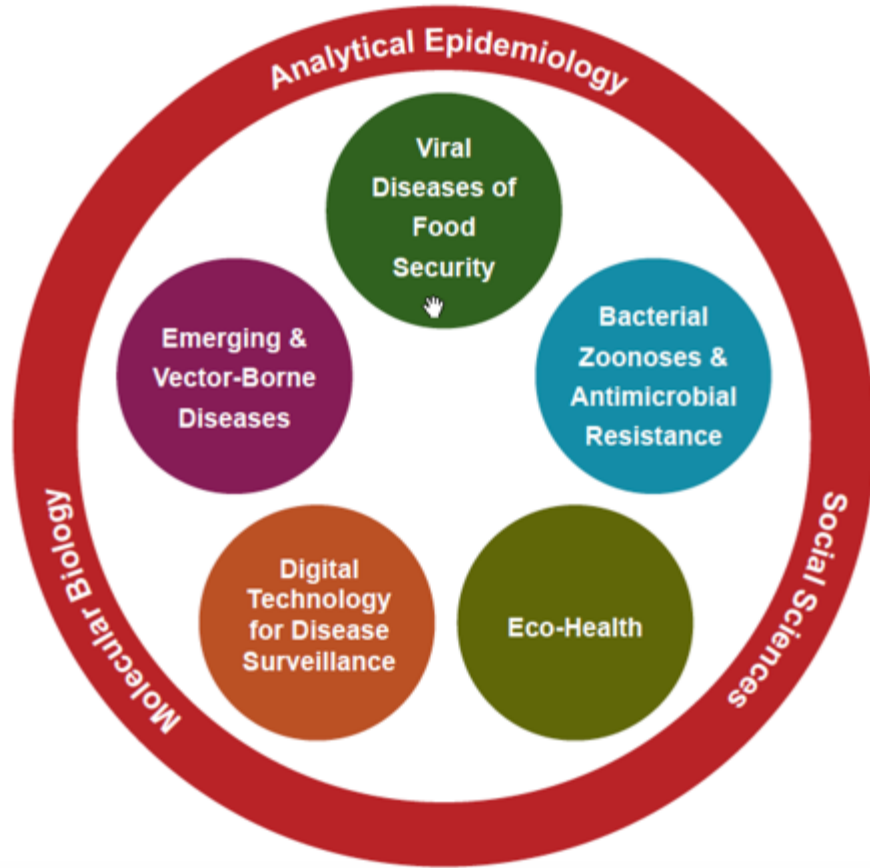

# Our Pathway to Impact

# The SACIDS Core Strategy

# Developing Core Individual Competences

# Developing Core Individual Competences

**Training and Research:** Timely detection and identification of disease events at community level and science evidence cost-effective and timely intervention

# SACIDS Future Strategy

**SACIDS Governing Board Approved new strategy to 2022**

**Strategic Framework for a prime Africa-led One Health organisation in**

**Africa**

**Theory of Change**

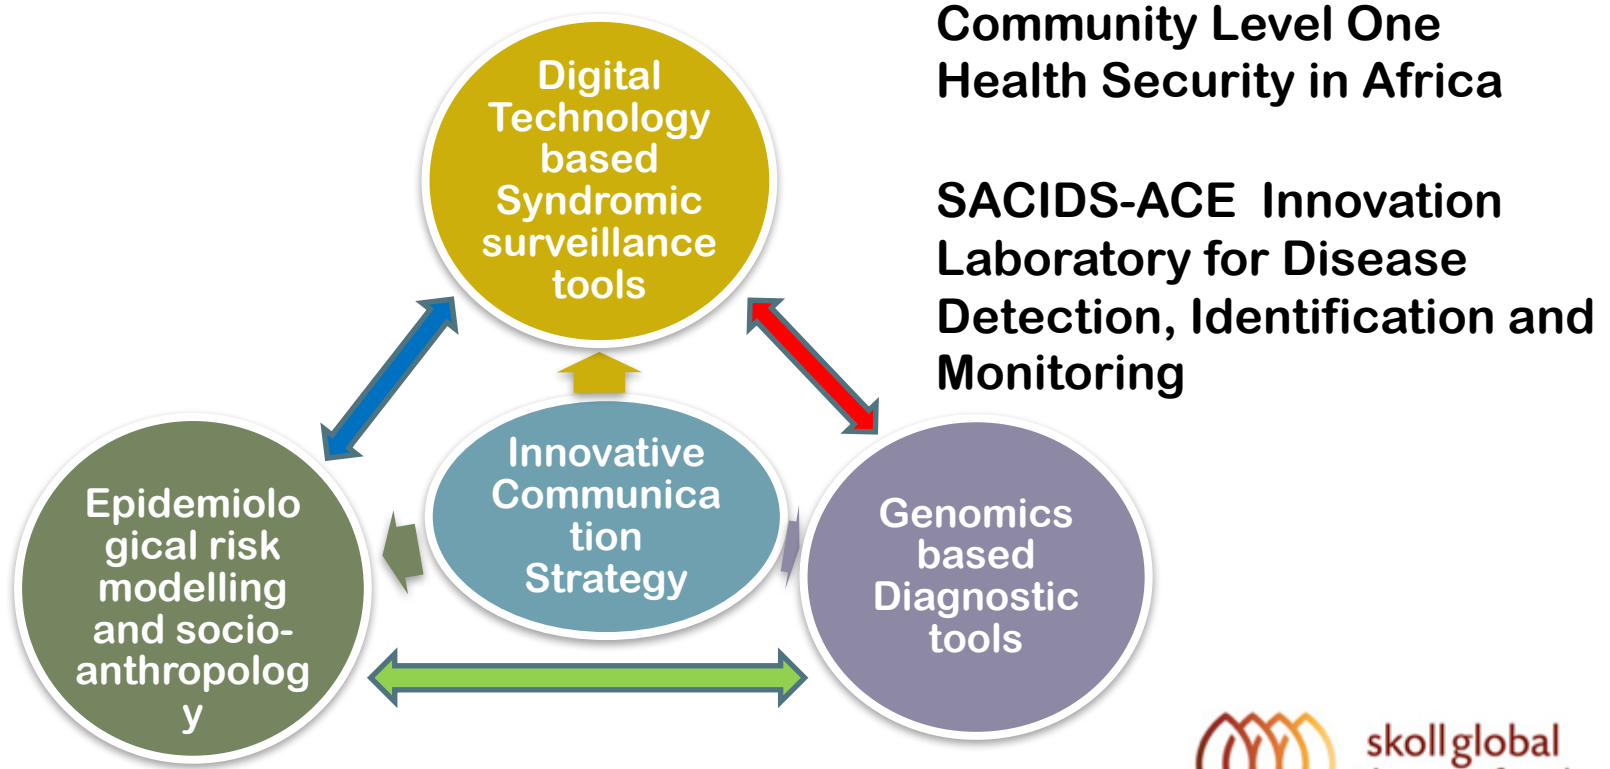

**Transform SACIDS into a Foundation**

**Set up a SACIDS One Health Forum and Innovation Hub**

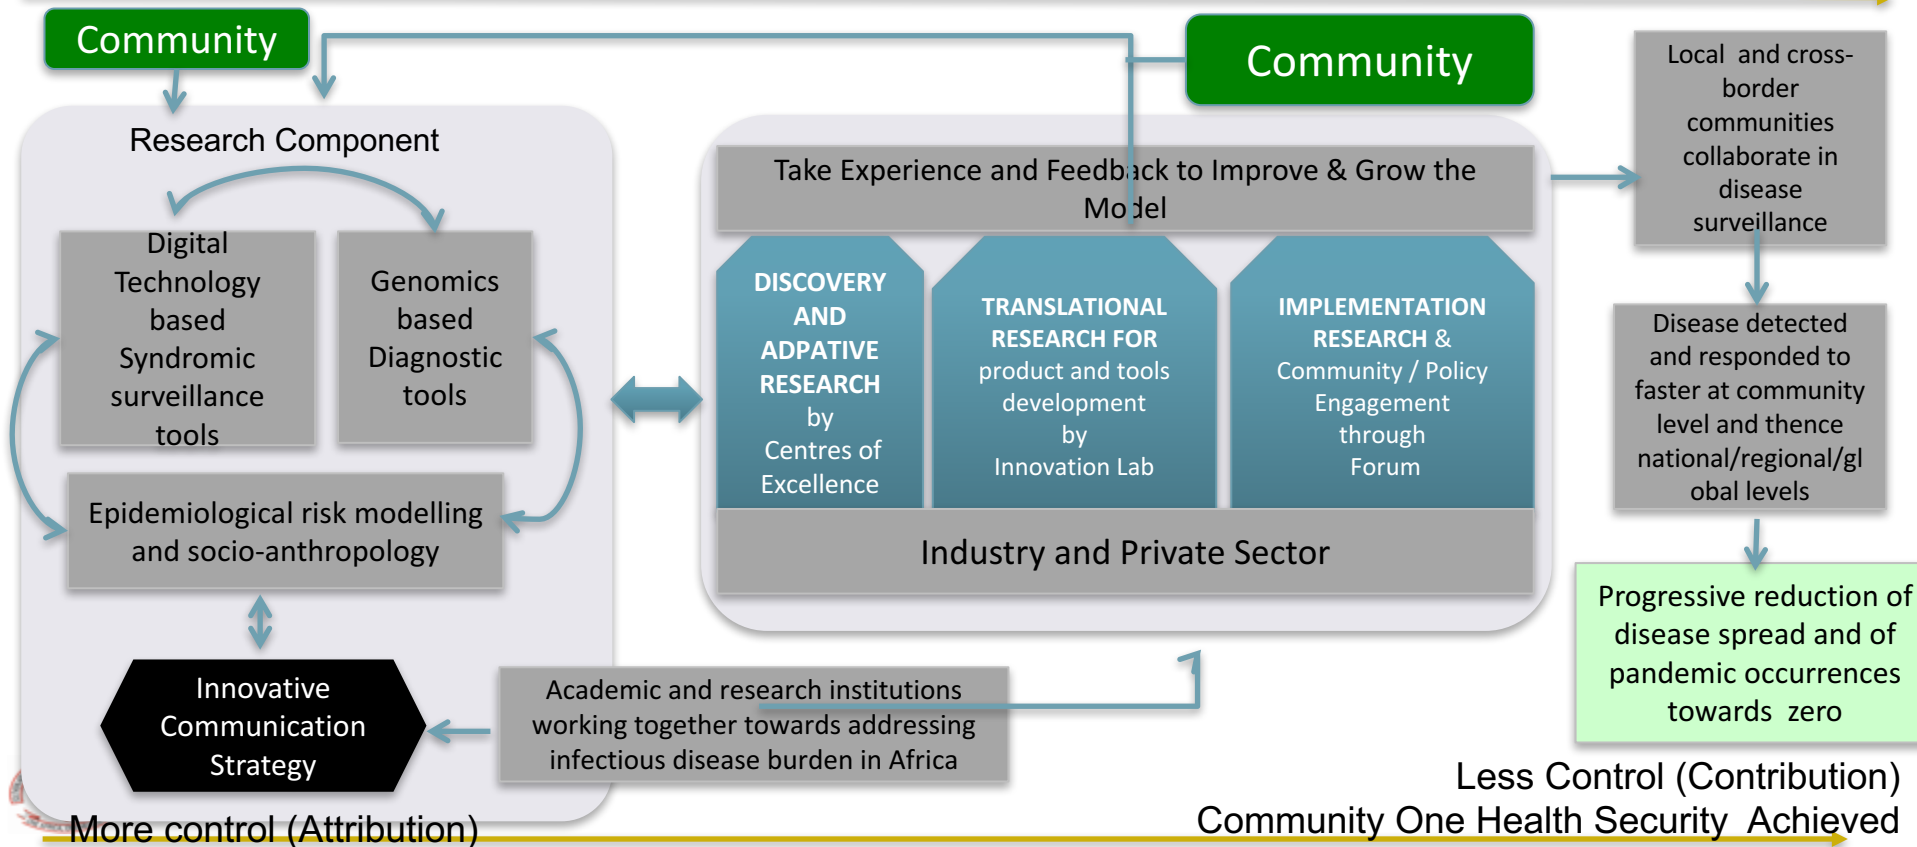

# The SACIDS Theory of Change

# Pathway to Impact for the SACIDS Theory of Change for Infectious Diseases: Community Level One Health Security

Near term outcome

Long term outcome

# Lessons learnt

- A well developed own strategy that defines the ambition
- Having a portfolio of funding sources allows for targeting specific activities within the overall strategic framework; also continuing beyond funding cycles
- Hopefully SACIDS Foundation will enable SACIDS to tap into the interest of a wider community of funders
