

WEBINAR: ADDRESSING THE GLOBAL CHALLENGE OF ANTIMICROBIAL RESISTANCE

Tuesday, 3rd December 2019
1:00-2:45 pm GMT +7

Join us for a CORDS webinar on strategies to address antimicrobial resistance (AMR) with expert panelists from Indonesia, Philippines, and international health organizations. This session, led by the Asia Partnership for Emerging Diseases Research (APEIR), will feature current approaches, best practices, and challenges in AMR National Action Plans based on a One Health approach. Participants will have the opportunity to participate in live Q&A discussion
